

MARTIN ZOUBEK

FULL-STACK DEVELOPER

WORK EXPERIENCE

Vertiflex | Fullstack Developer | Ostrava, Czech Republic **Aug. 2024 - Present**

- VertiNode® (WMS/ERP) - Full-Stack Developer Started on the frontend with React, building a real-time Dashboard powered by WebSockets for live order and picking insights.
- Picked up Django along the way and moved into the backend, contributing to business logic and the REST API layer that exposes order statuses, tracking IDs, and dispatch events to ERP clients.
- Working on a logistics/e-commerce platform that integrates AI outputs directly into warehouse processes for faster, more transparent fulfillment.

Verizon Czech

Customer Service Representative - Ostrava, Czech Republic **Mar. 2022 - Sep. 2024**

- Resolved network issues and supported VOIP-related customer tickets, learned about networks in internal CCNA course.
- Maintained high customer satisfaction through efficient network troubleshooting via Cisco IOS
